

Materials —

2 paper plates
cardstock (red, yellow)
wiggle eyes
pipe cleaners
scissors
glue
pencil
tape

Directions —

1. Fold a paper plate in half to create the body of the chicken.
2. Draw a triangle shape on yellow cardstock to create a beak.
3. Draw an oval shape on red cardstock to create a wattle.
4. Draw a wiggly shape on red cardstock to create a comb.
5. Draw a triangle shape with three half circle shapes at the top for the tail.
6. Draw half heart shapes to create wings on another paper plate.
7. Cut out each shape from the cardstock and paper plate.

8. Glue the yellow beak to the underside of the folded paper plate near the folded line.
9. Glue the red wattle just under the beak to the folded paper plate.
10. Glue the red comb to the outside top fold of the paper plate.
11. Glue the wings to the outside middle of the folded paper plate (one wing per side).
12. Glue the wiggly eyes on the outside edge near the beak (on each side).
13. Glue the tail to the outside of the folded paper plate at the opposite end of the wiggly eyes.
14. Cut a pipe cleaner in half.
15. Fold the cut pipe cleaner into three sections.
16. Attach one section to the paper plate using a piece of tape.
