

# Sustainable Living & Earth Care Concerns

How we impact the earth, care for the earth, and hold our responsibility to steward the earth.

In 2002, Enough for Everyone was born of collaborative work across ministry areas to focus on the big picture of our economic lives and moving beyond what our dollars do in the offering plate, to considering what our dollars do in the marketplace. In 2012, the work of Environmental Ministries, which focused on inspiring and equipping congregations and presbyteries to work for eco-justice for all of God's Earth, became a part of the Presbyterian Hunger Program.

Since economy issues often lead to environmental issues, in 2017 Enough for Everyone and Environmental Ministries combined into what we call Sustainable Living & Earth Care Concerns. Sustainable Living & Earth Care Concerns accompanies Presbyterians reflecting on and living out economic and environmental decisions as an extension of their faith and values.

## How do we care for people and all Creation?

### We Investigate

environmental and economic inequities through:

- resources like the Just Living series, Considering our Treasure
- connecting with a presbytery Hunger Action Advocate
- stewardship

### We Equip

Presbyterians to make informed, faithful choices through:

- study/reflection-action trips
- Earth Day Sunday worship materials, Treading Lightly for Lent daily reflection-action calendar
- Blessed Tomorrow Ambassador training

### We Embody

practices that bring about active transformation through:

- Climate Care Challenge
- Fair Trade Coffee Project, Eco-Palms and the Global Marketplace
- becoming an Earth Care Congregation
