Larry and Inge Sthreshley

Serving Christ together in the Democratic Republic of the Congo

Larry works with partner churches and organizations to help them develop their capacity and technical approach to do health ministry in the Democratic Republic of the Congo and Sudan. This has enabled our partners to run large internationally-funded health programs that have greatly impacted health in these countries. Larry says his goal is to help the church “effectively demonstrate the love of Christ through health ministry.” Inge gives oversight to the Methodist Presbyterian Hostel, which is a mission guest house and small conference center. It provides a much needed service to Presbyterian and Methodist missionaries, national and international church groups, work teams and individuals working in partnership in Congo.
